Professional Experience

Giant Rowland Heights Bicycle Store

August 2014 to Present

My current job is at Giant Rowland Heights Bike Store. I work there as a salesman, mechanic, and IT specialist. Our store carries high end performance bicycles and I have been deemed top salesman for multiple months.

VF Engineering Internship

March 2014

Worked at VF Engineering located in Anaheim California. This company specified in the prototype and design of supercharger for high performance/exotic cars. I provided a bill of materials for supercharger kits and was responsible for their online marketing.

The Boeing Company

Engineering Intern

Huntington Beach, California

June 2013 – August 2013

- Tackled the "Robohand" project whose goal was to design a prosthetic hand through 3D-printing.
- Learned Computer Assisted Design under the mentorship of one of their industrial engineers.

Leadership Experience

UCI Cycling Team

September 2015 to Present

I race competitively for the University of California, Irvine. A majority of my decision to join the cycling team came from my current job at Giant Rowland Heights.

iPhone Repair Business

August 2012 to December 2014

I created my own iPhone business which specialized in repairing cracked iPhone screens. In the process I created my own website and payment system. I also managed my own inventory and made self-help YouTube videos.

Soccer Athlete

2004-2013

I have played soccer for over ten years. I started to play competitive CLUB level soccer for four years and then played for my high school. At Diamond Bar High School I played at the JV and Varsity level.
